Wahowaa,

I hope to see you in Delhi in the Spring!

Delhi, the capital of India, is a vibrant metropolitan located in the Northern part of India. In more ways than one, it is the epitome of new-age India. A cultural melting pot, it not only has residents from other parts of the county but people from other parts of the world have also made it their home now.

The capital is vibrant throughout the year but it especially comes on it's own during the Spring when your term at Jamia would be in progress. I can assure you that the academic experience of Jamia combined with the cultural experience of Delhi would add manifold value to your academic, personal and professional life.

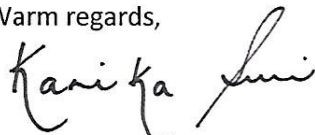

I would also like to assure you that the support of the UVa Club of India would be constantly there for you. The Club has a strong alumni base with representation from all the schools of the University and they reside not only in Delhi but also other parts of the country as well. Hence, it will give you an opportunity to meet them if you choose to travel to the other cities while you are here.

The Club regularly organise events and networking opportunities, that would enable you to interact with other UVa alums, learn from their varied experience and also immerse in the wider community.

I am confident that studying at Jamia would be a very enriching experience that will hold you in good stead for a long time!

The UVa community and I look forward to welcoming you to Delhi in the Spring!

Warm regards,

Kanika Suri - President, UVa Club of India
