About the UvA

World-class education Founded on a tradition of highly integrated academics, the University of Amsterdam enjoys a global reputation for cutting-edge research, high-quality teaching and a broad range of degree programmes. Our open, tolerant and international academic tradition dates back to 1632, and continues to be strong today, thanks to our thriving community of independent thinkers. Now, with more than 31.000 students, we are considered one of the best research universities in the world. We strive for excellence in teaching and research, and are proud to offer you one of the largest selections of English-taught programmes in continental Europe.

Studying in Amsterdam Amsterdam provides an ideal environment for academic studies. As the capital city, with a population over 850.000 inhabitants, Amsterdam is the financial, creative and cultural heart of the Netherlands. It is also home to numerous (international) companies, institutions and museums. The city boasts beautiful architecture and more than 150 canals, lending Amsterdam its unique and charming historical ambience. The people of Amsterdam are easy-going and welcoming to foreigners and English is the city's second language. Getting around is easy using the extensive public transportation system. Alternatively, you can explore the city by bike, discovering places where cars, buses, or trams cannot take you.

Exchange The Global Exchange Programme is an extensive network of 90 non-European partner universities facilitating student exchanges. Ambitious students from our partner universities are encouraged to participate in a challenging and inspiring academic exchange programme at the UvA.

Course information [Courses](#)

Course placement All incoming students are advised to be as flexible as possible with their course selection. We aim to register students for preferred courses, but we cannot guarantee course placement. Placement is generally not confirmed until right before the start of the semester.

Course selection Students are advised to select courses from one academic department at the UvA. In some cases it is possible to take one or two courses in another department. This can only be arranged on a case-by-case basis by the international officer of your accepting faculty and is dependent on availability of courses.

Limited enrolment Due to high demand and space constraints, Amsterdam University College (Liberal Arts & Sciences) and PPLE College have limited access and therefore reserve the right to review applications on motivation, background, study progress and GPA.

Not open Medicine (Amsterdam UMC-AMC), Dentistry (ACTA), MSc. Business Studies (Amsterdam Business School)

Credits, grading & transcripts

Full time course load A full-time workload for UvA students is 30 EC (European Credits) per semester. Exchange students generally take between 24 EC and 30 EC. If students wish to take less than 24 EC, permission is needed from the home university and their UvA academic advisor.

According to Dutch immigration guidelines, students need to be enrolled in at least 18 EC per semester in order to be eligible for a student residence permit

Early leave If students finish a full-time course load before the end of the semester (e.g. in the first two blocks of the semester), they are allowed to return home earlier. However, the housing contract cannot be shortened and covers (almost) the entire semester. Consequently, you will have to pay rent up until the last day stipulated in your contract. In addition, leaving early could also affect your possibilities to attend a resit exam.

Credits per course Generally 6 or 12 EC per course

Grading system Most faculties at UvA use a grading system ranging from 1-10 (5.5 is a pass). Amsterdam University College uses the US letter system. Some courses may also be taken on a pass/non-pass basis.

Re-sits All students at the UvA are allowed to re-sit exams if the initial grade is not sufficient to pass the course. Re-sitting an exam to improve a grade that already counts as a pass (>5.5) is not possible. For more information about rules and regulations please consult the host faculty at the UvA.

Transcripts Official certified transcripts are automatically sent to the exchange office of the home university approximately six weeks after the end of the semester. As soon as the first results are registered in SIS, the student administration system, it is possible to obtain a transcript of records until that moment. You can download the results yourself by [signing in to SIS](#).

Extension

Extension procedure

To extend your stay at the UvA, there are several steps to undertake and practical matters to take into consideration:

- Approval of the International Office of your home university for extending your stay at the University of Amsterdam.
- UvA's selection committee will then discuss the possibilities.
- Housing: the possibility of finding accommodation or extending your contract depends on the availability.
- Extending your stay has consequences for the validity of your residence permit/Visa and could mean that you will have to follow extension procedures. Please find more information on [Residence permit extension](#).

Please note: The Global Exchange Programme has a maximum of one year in total. Extension cannot be guaranteed and is not possible for graduate students, and for Amsterdam Law School students in general.

Accessibility

Counselling & examination arrangements

UvA offers support, for example counselling or examination arrangements for those who need it.

By providing this kind of support we strive to offer you a pleasant study program without any study delay. A disability or chronic condition need not prevent you from studying.

How can I apply for a provision

To request an examination or another arrangement, you can make an appointment with a student counsellor. This can be done through a referral from the study adviser or directly. The student counsellor will advise the contact person of your programme – based on your medical report or submitted dyslexia report – about your eligibility for the arrangement(s) and the period of validity of this/these arrangement(s)

Practical matters

Immigration procedures

Assistance UvA Student Services assists all students with immigration procedures. The online application will start around four months before the beginning of each semester. For more information see [Visa and permits](#).

**Visa
(travel to Amsterdam)** Based on the country of citizenship, students may need to apply for an entry visa. To find out whether you need a visa to travel to the Netherlands as a student, please use the [Visa wizard](#).

**Residence Permit /
WHS permit** All non-European/European Economic Area (non-EU/EEA) students will have to apply for a residence permit to legally reside and study in the Netherlands for a semester or full year. Students with the Australian, New Zealand and Canadian nationality may also apply for the Working Holiday Scheme permit (WHS permit) instead of the regular residence permit.

Chinese nationals In addition to the Residence Permit, students with a Chinese passport also need to apply for a NUFFIC certificate. For more information see the [Nuffic website](#).

Accommodation

University housing The UvA guarantees* accommodation for Global Exchange students applying before the 'early bird' deadline. For more information see [Housing](#).
(*Depending on budget.)

Types of rooms Each year, we reserve a range of furnished accommodation in Amsterdam and its surrounding areas for our international students. We work with different housing corporations that offer various types of rooms, including shared rooms, private rooms with shared facilities and private rooms with private facilities.

We would like to emphasise that there are not enough rooms available to accommodate all students within the city centre. Around 50% of the students are placed outside of the city centre. Allocation to housing is done by several housing corporations based on your indicated budget.

Housing prices in Amsterdam are not based on location. Instead it is based on a so-called 'point system.' This system measures the general quality of the room. For instance, the condition of the room, type of kitchen and sanitary facilities (shared or private), room surface area, as well as the proximity of public transportation.

Contract periods Contract periods are fixed for the duration of the signed lease agreement and run for almost the entire semester. Please note that it is **not** possible to shorten the contract if a student decides to arrive late, or leave before the end of the semester.

Housing application fee

| | |
|---------------|--|
| One semester | €209 (early bird) / €242 (regular) with reservation* |
| Two semesters | €413 (early bird) / €440 (regular) with reservation* |

**Price is based on last year's costs and is subject to change.*

Approximate costs The rental prices range from approximately €300 to €850 per month, depending on room type. An additional administration fee, ranging from €65 to €200 applies for each new contract.

Housing application The UvA uses an online application portal to process all applications for student accommodation. Once admitted to the Global Exchange Programme at the UvA, students will receive an email with a link to the online application portal.

Insurance

Health The UvA does not have a mandatory health insurance plan, but it is required by law to have appropriate health insurance for the duration of your stay in the Netherlands. The UvA has special agreements for exchange students with certain insurance companies. For more information see [Insurance](#).

Liability Having sufficient liability insurance is mandatory in the Netherlands, in case of damage to other people or property.
